From: "Robert Perletz" <rlperletz@winstonassociates.com>  
To: <chuck@river.com>

The following are the points I think our supporters need to make with the County

- Boulder Dance is a non-profit that provides a valuable community service not presently available in the community.
- The ability to rent excess space in the existing building helps pay for a facility that provides a valuable community service.
- The application to the County to allow multiple users with no significant changes to the existing building or its impacts on the community is not "new urban development".

Your thoughts?
